

## **COMMUNITY UPDATE AND IMPORTANT SAFETY MESSAGE:**

### **THE MOUNTAIN COURSE IS BACK OPEN FOR PLAY Wednesday April 29th**

#### **Non-Golfers are reminded to please KEEP OFF the Golf Courses**

Our maintenance efforts have increased in preparation for the opening of the **Mountain Golf Course** for member **play starting on Wednesday, April 29**. As such, the Mountain Golf Course is **not a safe environment for non-golf traffic**.

With the forthcoming re-opening we ask that you please heed our safety warning and be **reminded that these facilities are for golf activity only**.

Non-golfers on the course are putting themselves in a dangerous situation and at risk for serious injury.

**Active golfers and grounds/construction/maintenance workers will be back out on the course and not expecting to come into contact with you.**

Out of concern for your safety and the safety of our staff, please be reminded that the golf courses are **OFF LIMITS to non-golfers**.

**Thank you for being great neighbours.**

**We're all in this together.**
